LAST CHANCE TO REGISTER TODAY

Polls Will Be Open Until 10 O'clock Tonight—Election Officials in Some Districts Lax in Reporting—Figures That Were Reported.

Today is the last chance to register for the November election, and the polls in the election districts will remain open until 10 o'clock this evening. Not only should every voter, both male and female register, but they should also enroll with the party of their choice.

This year election officials in some of the wards have been very negligent and not only have they failed to report the registration to the board of elections, but also to police headquarters as required. For that reason it has been impossible to obtain a complete report of registration for the three days. The report obtained follows:

First Ward.....	232	186	156
Second Ward.....	159	157	157
Third Ward.....	121	152	152
Fourth Ward.....	102	74	187

LAST OF TROOPS COMING HOME

Br Telegram to The Freeman. Paris, Oct. 18.—Except for a handful of officers and a few clerks, France will probably see the end of the American army in less than 30 days. The number of American troops has already dwindled to 18,000 and arrangements are being made to send them home within two or three weeks.

DON'T MISS THE CONCERT SUNDAY

Perhaps you have not thought much about attending the Symphony Sunday afternoon concert tomorrow afternoon, beginning promptly at 2:15 o'clock. You really don't want to miss it, for the program will include music of such a pleasing and inspiring character, that it will start you off on the week in a better frame of mind, and therefore in a more capable and alivable manner.

While tomorrow may still be a pleasant day, be out of doors, it will be but a very short time before indoors will be the only comfortable place to spend Sunday afternoon, and if you have a course ticket for these Sunday afternoon concerts, when will be given in the Keeney theater, you will be sure of one pleasant Sunday afternoon each month. Both soloist, Winfield Williams, accompanied by Charles Gilbert Spross, and orchestra are prepared to make the opening concert one that will be especially appealing to all who enjoy music.

Remember the concert will begin at 2:15 o'clock, sharp, and if you want to hear the first number on the program, be on hand before 2:15 o'clock. Single admission tickets will cost but 25 cents.

You'll find all of your friends and neighbors at the concert.

Many Men Out.

On Friday evening there was a large attendance at the informal meeting of the Men's Club of St. John's Church, at the Parish House. There were a number of men who have been serving either overseas or in the camps present, which is one of the main objects of the Men's Club: the extending of a cordial welcome at all times to the service men of the church. The pastor, Dr. Williams, addressed the men on the subject of the Every-Nine Campaign, arousing considerable enthusiasm by his talk. A delicious lunch served in the usual hall of the club is daily famous, was thoroughly appreciated by the men. The meeting next week is already reserved of a large attendance. These meetings are held every Friday night at the Parish House.

GREENE AWARDS CONTRACT FOR DIGGING HOLES

By Telegram to The Freeman. Albany, Oct. 17.—Commissioner of Highways Frederick Stuart Greene has awarded to Booth & Flynn of New York the contract for doing the excavation work for anchorage shafts for the new bridge over the Rondout creek on state road No. 5549B, for \$14,650.

MAYNARD ON LAST LEG OF TRIP

By Telegram to The Freeman. Cleveland, O., Oct. 18.—On the last leg of his return trip across the American continent, Lieutenant B. W. Maynard, leader in the air derby, hopped off this morning at 5:58 for Buffalo.

The "flying nation" reached Martin Field last night at 5:30 and spent the night at a residence near by. This morning he was at the field early and after tuning up at dawn got away under ideal conditions just before 7 o'clock.

Before leaving, he said he expected to establish a record in reaching New York. A half hour's stop at Buffalo, 30 minutes at Rochester and the same period at Binghamton were to be the only pauses in his home flight to the Atlantic.

Buffalo, Oct. 18.—Lieutenant Maynard arrived here from Cleveland at 9:22 a. m. Lieutenant Maynard left here for Rochester at 10:08:12 o'clock. Lieutenant Maynard arrived here at 10:36. After a stay of thirty minutes, Maynard resumed his flight at 11:06.

Binghamton, N. Y., Oct. 18.—Lieutenant B. W. Maynard started on the last lap of his trip from San Francisco to Manila shortly before 1 o'clock. He is expected to reach Roosevelt Field about 2 o'clock.

THE PRESIDENT RESTED WELL

Symptoms Continue Favorable But Operation May Be Necessary to Bring About Permanent Relief.

By Telegram to The Freeman. Washington, Oct. 18.—The president rested well last night, the official bulletin issued at 11:23 o'clock stated. The official bulletin follows:

"The president rested well last night. There is no change noticeable in his condition. The symptoms continue favorable."

The bulletin was signed by Dr. Grayson, Ruffin and Still.

Although the prostate trouble which threatened yesterday to retard the gradual improvement of President Wilson was definitely improved following the visit of the specialist, Dr. Jago Young, of Baltimore, the necessity of an operation for the president's permanent relief was still feared today by his medical attendants and this new element in President Wilson's condition will be carefully watched in the future.

The irritation was removed by a very simple treatment, Dr. Grayson said last night, and the president was resting comfortably when the physician left his bedside last night. There were to be two consultations at the White House today. Doctors Grayson, Still and Ruffin and Fowler were to meet this morning and this afternoon Dr. DeCruz, the celebrated Philadelphia neurologist, was to make his weekly visit to "check up" with Dr. Grayson. Dr. Young said today that he probably will make daily visits until the prostate complication is finally disposed of.

PORTER PROMISES NEW YORK SAHARA

By Telegram to The Freeman. New York, Oct. 18.—The Sahara Desert will have nothing on New York city after the prohibition enforcement bill becomes a law next week, if Daniel L. Porter knows anything about it, and Mr. Porter said today that he thinks he knows a considerable amount of it. Porter, who is supervisor of revenue agents in this district, called a newspaper man in to see him today and imparted the information that the bill goes into effect. Anyone selling anything containing more than one-half of one per cent alcohol will be rigorously prosecuted, Porter declared.

BANDED TOGETHER TO HONOR ROOSEVELT

WILLIAM HOWARD TAFT, HONORARY PRESIDENT OF THE ROOSEVELT MEMORIAL ASSOCIATION.

Former President William Howard Taft and former Supreme Court Justice Charles E. Hughes are honorary presidents of the Roosevelt Memorial Association, which is conducting its national membership campaign during the week ending October 27th. That the greatness of Theodore Roosevelt's memory obliterates all political differences is illustrated by the fact that Alton B. Parker, the Democratic candidate for president in 1904, is a member of the National Committee of the Roosevelt Memorial Association.

William Howard Taft, a native of Ohio, was a United States district judge and dean of the law department of the University of Ohio before President McKinley in 1900 appointed him president of the Philippine Commission. After serving as the first governor of the Philippine Islands, and executing a diplomatic mission to the Pope in connection with the friars' lands, he twice declined appointments as associate justice of the U. S. supreme court. In 1904, he joined President Roosevelt's cabinet as secretary of war. Two years later while still in that position, he returned to the Philippines to smooth over a short time as provisional governor. He executed other diplomatic missions in Panama, Cuba, Japan and the Philippines on a third visit. He was elected president of the United States in succession to Colonel Roosevelt, in 1908 and was re-nominated in 1912, when Woodrow Wilson was elected. Mr. Taft is president of the League to Enforce Peace. During the war he served at President Wilson's appointment, as co-chairman of the National War Labor Conference Board.

Charles Evans Hughes first made a national reputation as counsel of the Armstrong Insurance Investigating Committee of the New York state legislature in 1905-6. The Republicans of New York city nominated him for mayor in 1905, but he declined. In the following year he was elected governor of New York state, and served two terms. This was followed by his appointment to the U. S. supreme court bench by President Taft. He resigned in 1916, on being nominated for president of the United States by the Republican National Convention.

Alton Brooks Parker, now aiding earnestly in the movement for a permanent national memorial to Theodore Roosevelt, contested for the presidency with T. R. in the election of 1904. Judge Parker had resigned his position of chief justice of the court of appeals of the state of New York, on being nominated by the Democratic National

Convention. Like Mr. Hughes, he now practices law in New York city. The plans of the Roosevelt Memorial Association, of which William Boyce Thompson is president, include the establishment of permanent memorials of an appropriate character, to the genius, patriotism and American ideals of Theodore Roosevelt. On October 27, Roosevelt's birthday, memorial meetings all over the country will be addressed by speakers of the first prominence in every walk of life. Members in the Roosevelt Memorial Association will be open to all who contribute to the memorial fund, irrespective of the amount subscribed. Thousands of citizens have expressed a desire to become members of the association, and thus effectively contribute toward a memorial to the soldier-statesman. Children in the schools of New York state and city will have an opportunity to show their enthusiasm at special exercises arranged for the occasion. This will be due to the action of State Commissioner of Education John F. Finley, and of Dr. William Ettinger, superintendent of schools in New York city. Their initiative will probably be followed in schools all over the United States, whereby Roosevelt Day, October 27, will be made an occasion to impress upon the minds of the younger generation a proper understanding of the great national services and splendid American ideals of Theodore Roosevelt.

The Roosevelt Memorial Association was organized by a non-partisan committee of Colonel Roosevelt's friends at a meeting in New York city on March 24, 1917. The honorary vice-presidents are U. S. Senator Henry Cabot Lodge, John Mitchell, T. H. Hiram W. Johnson and John T. King. Among others on the executive committee are Major General Leonard Wood, Gifford Pinchot, Otto H. Kahn, Elihu Root and George W. Perkins.

The deep regard in which Colonel Roosevelt was held by all classes, and the many-sidedness of his character, receive new testimony daily. Few people picture the famous statesman, patriot, leader of men, scientific naturalist and famous hunter, writer, soldier and explorer, in the role of Santa Claus yearly in the little school

situated a little more than a mile from his Sagamore Hill home. Yet Mr. Roosevelt played the part during the school days of his children, Theodore, Kermit, Archibald and Ethel Roosevelt, missing it only twice, once while president, and the last time the last Christmas of his life, when he was in the hospital.

The colonel furnished the elaborate tree and the presents and candy for the two-score children in the school, and, in distributing the presents, always had something to say to the little children. On one occasion, a little girl came forward and her name was given by her teacher as Mary Watson. As the colonel heard the name he laughed and said:

"I'm always glad to meet anyone by the name of Watson. You must be a relative of Billie Watson, who went to school with Archie. (And the little girl nodded her head.) Well one day on my way home when Archie went to school here I saw a fight, and my boys were there. When they got home I asked who was in the fight. Archie stepped forward, and one could plainly see that he had been, for his clothes were dirty and his face red. 'I was me, Father,' he said. 'And Billie Watson licked me to a finish.'"

"So you can understand how I recall the name of Watson and I want to congratulate you, my little girl, for having the name of a family who achieved a victory over one of my boys."

Colonel Roosevelt's home at Sagamore Hill was filled with trophies of his hunting trips. Added to this were hundreds of gifts from friends. In speaking of them the colonel would laughingly remark:

"There is almost everything in the house and the attic came from kings, emperors and even prize fighters. The remark that prize fighters sent him gifts always caused a laugh but the colonel would immediately become serious and add:

"Yes, from prize fighters. Old 'Bob' Fitzsimmons sent me something which I use daily, and which I highly prize. He would then exhibit a silver plated horse shoe on his desk used as a holder for his pens. This horse shoe was made by the former heavy-weight champion and was inscribed: 'To my dear friend, Theodore Roosevelt, from Robert Fitzsimmons.'"

After he read this, the colonel remarked:

"Bob was a good old man, had a lot of principle and fought on the level and had the never-die spirit in him. He was a corker in the ring, hit straight and hard. He sent me this gift and I tell you I'm mighty proud of it."

ROOSEVELT DRIVE BEGINS MONDAY

Meetings Will be Held in Every Town and Village in the County—Birthday of Ex-President to be Observed.

The campaign of the Roosevelt Memorial Association for members begins Monday and will continue during the week, closing on the night of October 27. In every town and village of the county, meetings will be held, the school children will be instructed and told of the life of Theodore Roosevelt, in the churches and even in the factories will be carried the campaign to secure funds for the purpose of providing a permanent memorial the Theodore Roosevelt.

Subscriptions, no matter how small, will entitle every man, woman or child to be enrolled as a member of the Roosevelt Memorial Association. The campaign is nation-wide and everywhere in the United States during the week, meetings similar to those being held in Ulster county, will take place. New York state, the state where Colonel Roosevelt was born, should lead every state in the union, for it was in New York state that he lived and it was in New York state that his first steps in a public career were taken.

All expenses of the campaign are being borne by friends of the late president, so that all money contributed will be devoted entirely to the announced objects of the association.

Money obtained from membership fees and subscriptions will be devoted to three purposes, improving the land that has been given at Oyster Bay for a Roosevelt Memorial Park; to erect a monumental memorial in Washington, which will rank with the Washington monument and the Lincoln monument, at present the form which this memorial will take cannot be determined as it rests largely upon the architects and sculptors who will be called upon to design an appropriate memorial, and the establishment of a Roosevelt Society or Foundation to carry on Colonel Roosevelt's spirit of Americanism and keep alive the uncompromising patriotism of which he was so essentially the exponent.

The week will be observed generally throughout the country, special days being devoted to schools, factories and churches. Friday, October 25, there will be special exercises in the schools. Saturday, October 26, the anniversary of the day when Colonel Roosevelt's birthday, the day will be devoted in general to public meetings.

The Ulster county executive committee, of which Judge G. D. B. Hasbrouck is chairman and John B. Alliger, treasurer, has secured chairs in the various towns and villages of the county and in the different wards of the city. The names of these chairmen will be announced immediately. D. G. Atkins has charge of arranging a large county-wide meeting on Roosevelt Day, October 27. Any chairman who wishes to arrange for any public addresses in his district may secure a speaker by communicating with Judge Joseph M. Fowler, who has charge of that branch.

The committee which will have charge of the remodeling of the property, renovating it and placing it in shape for the residents, is: Everett Fowler, chairman; Herbert Carl, Virgil B. Van Wagoner, Robert S. Rodie and Ralph Cohen.

The following ladies were appointed a committee to take charge of the purchasing of the furnishings of the house: Mrs. George Hutton, chairman; Mrs. Frank J. Lefever, Mrs. Sam Bernstein, Mrs. Everett Fowler, Mrs. Frank B. Seelye, Mrs. John T. Washburn, Mrs. Hyman Roosa, Mrs. Henry R. Brigham and Mrs. Frederick Warren.

As stated several days ago, all of the rooms of the house have been furnished by donations from people of the county, the cost of furnishing each room being \$200. Work on the remodeling of the building has been started and those in charge hope to have it completed and ready to be occupied by Thanksgiving. The total sum so far received is \$37,500. There is considerable work to be done before the building will be ready to occupy and it is expected that a sun parlor will be added to the building. Everything is being done to make the home cheerful and homelike as well as modern and convenient in every way.

'NO COMPROMISE' SAYS LEWIS

Coal Strike Leader Defies Government and People in His Demand for 30-Hour Week and 60 Per Cent Increase.

By Telegram to The Freeman. Washington, Oct. 18.—"We will strike in order to live," declared John L. Lewis, acting president of the United Mine Workers of America, this afternoon.

There are slight hopes of averting the threatened coal strike, Lewis declared, because the attitude of the coal operators "disproves all possibility of averting the strike."

"We will accept no compromise," said Lewis.

With regard to the report that soldiers would be placed in the mines, Lewis said:

"The war department will have to get a bigger army."

HERE AND THERE ABOUT THE TOWN

Fate Sometimes Uses a Man as a Football to See if He Has the Right Stuff in Him The Stroller Hears.

"Fate deals many of us a kick to see if we are man enough to stage a come back," remarked the customer this morning, apropos of nothing.

"Now you are talking," agreed the busy barber, "and it is the man who will get up and fight back when knocked down that is bound to make a success in life."

"What is the biggest blow fate can deal a man asked the customer, "strip him of his money?"

"Strip him of his health," replied the barber promptly, "for what would be the use of having all the money in the world, and no prospects of enjoying it?"

"That's so too," replied the customer thoughtfully.

"Sure it's so," retorted the barber, "I don't care how much money a man may have. What would be the use of having a million dollar income and a stomach that would only stand a ten cent egg for each meal?"

"I gather from what you say," said the customer, "that you lean toward the opinion that a man should be happy if he has his health no matter how much money he has."

"You hit it on the head that time," replied the barber, "and the great trouble in this world seems to be caused by envy."

"In what way?" asked the customer, "I always thought that money was the root of all evil."

"I suppose you said that thinking I would spend that I wish I had a lot of the root," retorted the barber, "but that is the line I follow you, for while money is all right in its way, and I could use a lot more of it than I have, I still contend that envy causes more trouble."

"I don't get you," said the customer.

"Perhaps to be more exact," said the barber, "I should say that money and envy nearly always travel together. If your neighbor buys an auto you have to get one. If he builds a house you think you have to build a better one."

"That's a good boast for the build now campaign," interrupted the customer.

"But just the same," continued the barber, "not noticing the interruption, 'if you were not envious you would not want to surpass your neighbor.'"

"Take it from me then," said the customer, "a little envy might come in handy sometimes then, and especially when you have a neighbor that thinks he is better than you are."

"I don't mean that you should not strive to better your conditions in life," replied the barber, "quickly, 'but I do contend that as long as you are enjoying good health, and have a steady job you are probably a great deal better off than a lot of folks who may be able to display a larger bank roll.'"

ROSENDALE.

Rosendale, Oct. 18.—The Rev. and Mrs. J. R. Simmons returned from West Park on Monday.

Mr. and Mrs. John Bohling and George Muller, who were week-end guests of their aunt, Mrs. Hattie Strihel, returned to New York on Monday.

Charles Heath of Brooklyn spent Sunday at John Oilly's.

Mrs. Howard Stearns is visiting relatives at Amsterdam.

The property of the late Andrew Smith, together with the Rosendale Casino, of this village, is for sale.

Mrs. Elkan Berger, who has been spending two weeks with her parents in this village, returned to her home in Chicago on Sunday.

Mrs. William Bullis of Brooklyn visited her mother, Mrs. Susan Lafora, and also her children over the week-end.

It is rumored that Russell Freer will move to Highland the coming month. Mr. Freer has a fine position at the Schulte grape juice factory at Highland. We do not like to see our old and good neighbors leave. Our best wishes for their future success goes with them.

Mrs. Charles Tenningen, who spent a few days the past week with her friend, Mrs. Webster D. Sheldon, at Granville, returned to her home in this village on Monday.

A meeting in the interest of the Every Member canvass was held at All Saints' parish house on Wednesday. Speakers from out of town were present. The ladies of the church served refreshments at the noon hour.

Miss Grace Moore, who has been remittent fever, still remains quite ill at her home in this village.

Edward Huben, who is employed by the Kingston Gas & Electric Co., spent a few days in New York on Thursday.

The Rev. George Banermond of High Falls will preach in the Reformed church on Sunday evening.

Mr. and Mrs. Emory Lewis motored to Walden on Sunday and spent the day with their daughter, Mrs. John Odehoush.

Alfred S. Mackenzie, Philip Driscoll and Peter Reichenwald have finished their work on the state road at Mt. Tremper and returned to their homes in this village.

Mrs. John Oilly is enjoying a vacation of a few days with relatives and friends in New York city and Brooklyn.

Grant Russell, who is working at Kingston, visited home over the week-end.

James Hasbrouck made a business trip to Albany the past week.

Mrs. Russell Freer accompanied her husband to Highland on Monday.

LLOYD VOTERS TO RETAIN WILKLOW

Supervisor Has Given Satisfaction by Being an Alert and Competent Representative of His Town and Will Be Re-Elected.

SUPERVISOR LUTHER D. WILKLOW.

The Republican nominee for supervisor of the town of Lloyd is Luther D. Wilklow, the present incumbent. Mr. Wilklow first became a member of the county board in 1916 when he was appointed to fill the vacancy caused in that office when Philip Schantz resigned to become county treasurer. A year later the people of Lloyd were so well pleased with the way that Mr. Wilklow had represented them that they elected him to the office.

Mr. Wilklow was born in the town of Lloyd and for many years conducted a large fruit farm. He later removed to Highland and conducted a grocery store. He has always been closely identified with town politics. For eleven years he very satisfactorily served as justice of the peace. He was then elected town superintendent of highways which office he held for three successive terms. It was while filling this position that Mr. Wilklow had an opportunity to become thoroughly familiar with every section of his town which proved very helpful to him in fulfilling his duties as supervisor. For a number of years he was also a member of the Highland board of education.

Mr. Wilklow has but one aim in discharging his duties, that is to represent his constituents to the best of his ability. He has a duty for making and keeping friends, and it is a foregone conclusion that the town of Lloyd will retain him as their representative in the board of supervisors.

And also any and all corporate or other rights, privileges, franchises and powers, which the Company then owned, held or was possessed of, or which it or its successors or assigns, thereafter might acquire, possess or become entitled to. And also all property, docks, works, plants, leaseholds and rights under lease, then owned or held by the Company, its successors or assigns, excepting all those certain tracts, lots, pieces or parcels of land and premises owned by two separate and distinct parties, to-wit: the one by Frederick O. Norton and Annie, his wife, to the E. O. Norton Cement Company, bearing date the 17th day of December, 1901, and recorded in Ulster County Clerk's Office, in Liber 302, at page 390; the other by Gordon Norrie and Emily Frank, his wife, to the T. O. Norton Cement Company, bearing date the 17th day of December, 1901, and recorded in Ulster County Clerk's Office, in Liber 302 of Deeds, at page 400, and which said premises, together with other real property, owned by the said E. O. Norton Cement Company to the Consolidated Rosendale Cement Company by deed bearing date the 13th day of February, 1902, and recorded in the Office of the Clerk of the County of Ulster, in Book 370 of Deeds, at page 33, on the 3d day of March, 1902.

Also all rights, franchises, estates and appurtenances thereto conveyed and assigned or intended to be conveyed or assigned. The lands above described are situate in the Town of Rosendale, Hurley, Hopkiss, Marion, and Hudson Canals, in the County of Ulster, in the State of New York.

Such part of the following described premises as have been released from the lien of the said mortgage are excepted from the provisions of the decree of foreclosure, and are not to be sold.

FIRST, A CERTAIN TRACT OF SMALL LOT OF LAND and water privilege, together with all the buildings belonging to the same, said dwelling house, barn, and outbuildings, situate in the County of Ulster and State of New York, lying on the south side of the Rondout Creek, and bearing date the 13th day of February, 1902, and recorded in the Office of the Clerk of the County of Ulster, in Book 370 of Deeds, at page 33, on the 3d day of March, 1902, at four o'clock in the forenoon of that day, in Liber 370 of Deeds, at page 33.

Come to Battery Headquarters

Just because some garage man says, "I'll fix it and it'll be good as new," don't trust your battery to an amateur.

Come to battery headquarters where we have the equipment to really test your battery and the knowledge of what it needs.

Only a careful hydrometer reading can show if a battery needs charging. Only the proper instruments can give it a discharge test showing that it is properly recharged. It costs a little more to have repairs in the right way, but a thorough job is always worth while.

LANDMARK OF THE FIRST WARD

Little Use in Saying Anything About
This Man Everybody Knows and
Whose Re-election to the Board is
Inevitable.

SUPERVISOR CHARLES A. SCHERMERHORN.

It seems hardly necessary to say anything about Charles A. Schermerhorn, the Republican nominee for supervisor of the First ward. Everyone knows Mr. Schermerhorn and his excellent record in the board of aldermen and as the First ward's representative in the board of supervisors. He has served his constituents faithfully and earnestly. He has never failed to fight for the principles which he deemed right.

Mr. Schermerhorn was born January 18, 1853, in Warren county. His father was of Holland Dutch descent and his mother was an English Quaker. When he was one year old his parents removed to Fort Edward, N. Y. His early education was received in Churchill's Academy, Stamford, Delaware county. In 1870, he came to Kingston and entered business as a mercantile tailor with "Edmond English under the firm name of English & Schermerhorn. At the expiration of a year, Mr. Schermerhorn purchased the business which he is still conducting successfully.

Mr. Schermerhorn was a charter member of Company B of the Tenth Battalion of the New York State National Guard, serving for seven years. After the company became the Fourteenth Separate Company he served another enlistment for one year. He was also an active member of Willywick Hose Company and still takes an interest in the welfare of that organization.

For a number of years, Mr. Schermerhorn served the First ward as an alderman. Six years ago as a mark of appreciation he was elected the supervisor of the First ward, having now held the office for three successive terms. His record is without blemish. He has given unstintingly of his time and labor to further the interests of his ward city and county. Here is a man of whom it can be said, "Well done, good and faithful servant." There is no doubt about his being re-elected this fall. The voters of the First ward will send Charles A. Schermerhorn back to the board of supervisors with a handsome majority.

Putting Away the Summer Clothes.

The organdies, palm beach, the straw hats, and the low shoes are fast disappearing from the day-to-day wardrobe. The wise housewife does not let them stay in the overcrowded closet to take up valuable space and brush against the velvets, serges and broadcloths. Neither does she lay them away in any condition they happen to be in after their last appearance. Instead, she puts them away carefully cleaned and treated so the least change possible will come to them. Keeping record of what supplies there are and where she puts them in order that she may find them when the occasion arises by simply looking at her desk records. If packed in boxes, a label on each box telling the contents makes the finding of each article an easy matter. Her outline of treatment would be very nearly like the following, according to home economics specialists in the U. S. department of agriculture:

Washable White Clothing—Washed carefully, no starch added, blued more than usual to avoid a yellow appearance when spring unpacking comes. Hung in a closet reserved for this particular use or folded so that the creases will correspond as far as possible with the folds into which the garment falls in use and laid in a trunk or box.

Washable Colored Clothes—Washed, unstarched, turned wrong side out and hung in the closet or packed away as were the white garments.

Palm Beach Suits—Cleaned and put in separate box, carefully folded.

Hats—How to treat the summer hat depends much upon the material. If of straw, brushing off all dust and packing in a hat box is good treatment. The geographic and lace hats, if soiled, should be dry cleaned and allowed to air thoroughly before wrapping in tissue paper and storing away in a hat box. Avoid weight which will crush the trimming.

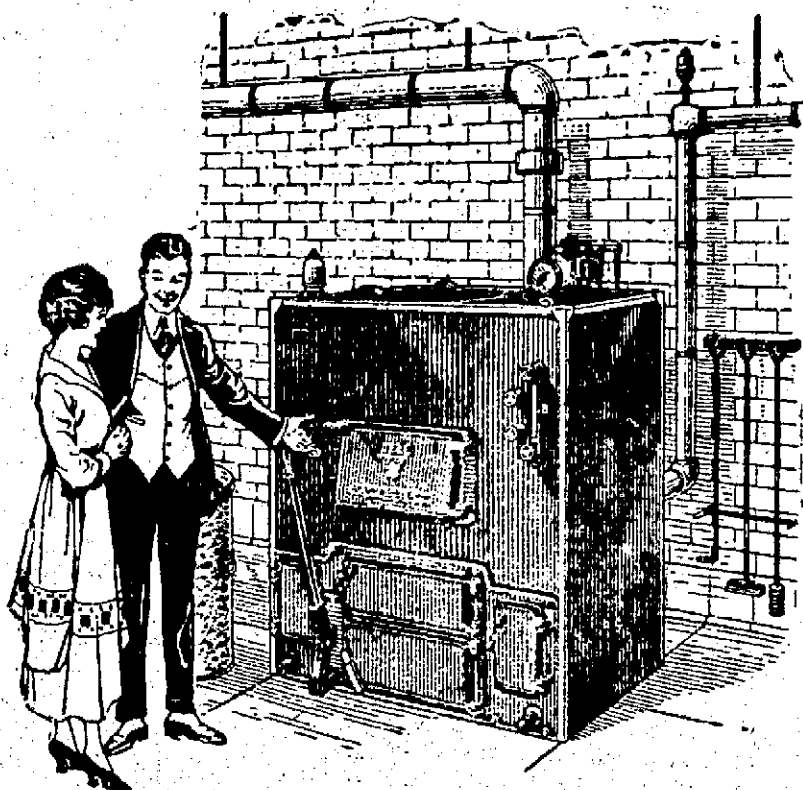

Shoes—The pumps and Oxfords should be cleaned and put away with shoe trees in each one.

Inventory should be simple, of course, but definite, giving a list and storage place of the clothes for each member of the family. This will prove of definite service when next spring's clothing budget requires thought and time.

IDEAL Type "A" Boiler

An innovation in heating, comfort and economy!

IT IS a new kind of a heat-machine. It is a *de luxe* device. Its refinements guarantee perfection in heat control. It performs so reliably and so easily, you forget there is a heating plant in your residence.

Your most profitable heating-buy

ITS RESERVE-power is also its earning-power—you call on its reserve when you want it—and it costs you nothing until you do need it. But when severe weather comes, you wouldn't do without the luxury of its reserve-power for a dozen times its cost. It guarantees constant comfort!

ITS DAMPER Regulator never forgets—it's a 24-hour janitor. Its reversible flue construction does not permit the rich coal gases to escape unburned, but forces them to rub intimately and be absorbed by the boiler heating surfaces, and results in the maximum heat extraction and consequent fuel economy. The proof is in the smoke-pipe—the coolest known, attesting full utilization of the coal energy.

We offer efficiency and control test-charts

OUR CATALOG shows test-charts to prove the unquestioned superiority of IDEAL Type "A" Boilers over all other makes, domestic or foreign, in fuel saving.

Stop blaming the janitor and the coal-dealer—replace your present boiler with an IDEAL Type "A," which brings you 30% yearly coal-saving and lasts a lifetime. Ask for catalog of IDEAL Type "A" Boiler—a mine of heating information

THE INDIVIDUAL'S DUTY.

Up to this time the political campaign in this city is the most apathetic that anyone remembers. The reason seems to be the very generally prevalent "he's good enough for me" frame of mind on the part of the voters. This attitude is justifiable and commendable provided it is carried out to its proper conclusion by every voter taking the necessary steps to make his opinion count on Election Day. The apathy that comes from complete confidence is sometimes disastrous. Certainty of result cannot be attained by "letting George do it" and doing nothing yourself.

The Republican county and city ticket is worthy of support and nobody seriously questions its election by huge majorities. But the votes must be cast if the desire of the majority is to be realized. A ticket cannot be elected by absent treatment. It would be a calamity to lose the election through negligence and over-confidence, for although this is only a local election, the matters at stake are important. It is the local officials who levy most of the direct taxation and have charge of the spending of the money. We are getting something for our money now, paying up our old debts and incurring no new ones. We can continue this by electing the Republican ticket, but in order to elect the ticket we must register and vote.

THE SIBERIAN ADVENTURE

An American corporal has been flogged by a Cossack general. An American soldier has been fatally shot by a Russian officer. A Vladivostok newspaper has scurrilously assailed American soldiers. An American general has held up a cargo of arms sent from this country to the Allied-Russian army in Siberia. The Allies, with whom the Americans in Siberia are co-operating, have ordered the troops of General Kolchak's armies to evacuate Vladivostok. General Kolchak has appealed to the Powers. The order has been withdrawn. The Japanese are at odds with the Russians. The Americans are at odds with the Japanese. —New York Sun.

If you see it in the Sun, it's so according to the Sun. Some of these startling events have made so little noise—causing not a hundredth part of the outraged comment one would naturally expect—that most readers are apt to wonder if the story of such insults to Americans and their flag can be quite correct. How could some of these things have happened without rousing the country? Did the accounts come in press reports, or were they merely exaggerated paraphrases from the letters of disgruntled and homesick American soldiers in Siberia? However that may be, the Sun asks pointed questions that ought to be answered when it says: "Why are our soldiers in Siberia? Why are they not recalled?" The Siberian adventure, in either the force of its beginning or the wherefore of its continuance, has never been fully explained.

NO APPEAL TO REASON.

A story is told of the late Senator Ollie James of Kentucky that well illustrates the absurd arguments used by Democratic candidates to influence their ignorant audiences. In 1911 Mr. James was in a primary campaign against former Senator Paynter for the Democratic nomination for senator. "Let me tell you what sort of a party man this fellow Paynter is," cried Ollie to his open-mouthed auditors, "when he finds it impossible to be in the Senate chamber when a vote is taken he kills himself paired with another senator. And he always picks a Republican. What do you think of that?"

Now comes Congressman Tom Healin of Alabama boasting of his exploits in the recent campaign in the Seventh District of his state to fill a vacancy in the House caused by death. "I stated in my speech," proudly declares Mr. Healin, "that when Mr. Lodge started the fight on the League of Nations motion was 36 yeas, and that at the time I was speaking it was 29 yeas, and that if it was ratified it would go to 40." Cheers for Healin and votes for the Democratic candidate who would make them rich!

Everybody once said that the Democratic party was "the party of

ignorance." Successful Democratic candidates for office realize the fact and shape their appeals for votes accordingly. That is true not only of seekers after the less important positions, but even of the presidency itself. In 1916 Mr. Wilson won his election on the sole issue, "He kept us out of war." The ignorant voter took that statement at its face value, never stopping to inquire at what cost we had been kept out of war, or whether we would pay for our unpreparedness when once drawn into the conflict. In all his campaign for his precious league, conspicuously in his western speeches, the President has never resorted to specific argument that would appeal to the reason of the intelligent citizen. He has relied for success upon appeals to the popular passion for peace, claiming that the league would abolish war; he has aroused the pity of his audiences by painting the destitute condition of the poor people of Europe, declaring that America can bring them certain relief if it adopts the league; he has excited popular hatred for militaristic cliques that in former years have been able to plunge nations into war, explaining that his league puts an end forever to such things. All his addresses have contained a consistent appeal to the emotions rather than to the reason of the public. In every utterance he has made since the league became an issue, Mr. Wilson has indulged in these utopian generalities, utterly barren of detailed demonstration of how they are to be achieved under the terms of the covenant, or of the outrageously disproportionate cost to the United States if America should become a party to the undertaking. But the people in the country at large are not so easily hoodwinked as the mountaineers of Kentucky or the misguided partisans of Alabama.

Captain Albert Johnson, war veteran and chairman of the House Immigration Committee, says he has personal information that in many foreign ports there are hordes of Reds seeking passage to America in order to do propaganda work for world-revolution. "This is easy to believe, but it will be less easy to provide the proper measures of defense."

When a midshipman at Annapolis is driven by his tormentors to attempt his own life it is evident that hazing has reached a stage of cruelty and brutality that calls for stern measures. The Navy Academy wants no mollycoddles, but has even less room for brutes and bullies.

Drivers of milk wagons in New York, although representatives of simple manual labor, announce their determination to have \$50 a week. It is a wonder they don't demand \$100 now that striking to get many times the strikers' value is the established fashion.

According to the Greensboro, N. C. Journal, "some people's train of thought never goes fast enough to cause a wreck." Very pointed. And yet, in the matter of brain wrecks, slow going in ruts or stagnation is often no less destructive than over-activity.

Those I. W. W. prisoners who threaten to starve themselves might make a really popular hit if they only had the courage.

THE 100th ANNIVERSARY

Of Methodism in Wawarsing Valley Celebrated.

The first quarterly meeting of Methodists of Sullivan county was held on October 15. The hundredth anniversary of the launching of Methodism in the Wawarsing Valley was observed Wednesday at Phillipsport, where stands the oldest house of worship in Sullivan county, built in 1825. The observance was carried through the afternoon and evening, and Methodists from all over the county gathered to participate. Among the speakers were the Rev. George E. Barber, the Rev. H. W. Coons, of Ellenville, and District Superintendent Wright.

The first Methodist meeting in Sullivan county was held in a barn. The Rev. Horace Weston, the first preacher, had a congregation of 276 members.

CITY HOLDS NO TITLE TO LINCOLN ST.

And It Would Cost \$3,500 with 21 Per Cent Grade to Grade It—B. P. W. Has Balance of \$98,254.67 on Hand.

Residents of Lincoln street and vicinity last month petitioned the board of public works to place Lincoln street, between Clifton avenue and Farrelly street, at grade, and at that time the petition was referred to City Engineer Codwise to report back at the October meeting the probable cost, and what the grade would be.

The board held its regular monthly meeting Friday afternoon at which time City Engineer Codwise submitted a written report on the condition of that part of Lincoln street. He called attention to the fact that the city held no title to any portion of the street; that an ordinance fixing the grade on Lincoln street, between Clifton avenue and Florence street, was passed by the common council on April 7, 1914, and that that portion of the street had been partially graded and is open and used by a certain amount of traffic.

From Florence street to Farrelly street, he reported, is not open or used. The grade on Lincoln street, between Florence and Farrelly streets, would be 21 to 25 per cent. Any grade like that is simply out of the question, according to the city engineer. He also reported the approximate cost would be \$3,500 to place that section of Lincoln street at grade.

In closing, City Engineer Codwise recommended that Lincoln street, between Florence and Farrelly streets, be abandoned and closed, for while the street is open somebody some time will try to drive over it, have an accident, and sue the city.

The board adopted a resolution that as the road in question between Florence and Farrelly streets is not a recognized street of the city, and is a private driveway without any title in the city, that the board take no action at this time until the property owners comply with the charter provisions and file petition and cause the title of the street to be offered to the city when further consideration will be given the matter.

Board Has \$30,254.67 on Hand. The financial committee submitted its report for October 1, showing a balance on hand of \$30,254.67. Considering the vast amount of street improvements this summer this is a remarkable showing on the part of the board who have used the city's money as carefully as though it was their own.

To Build Hamraty St. Sewer. Plans and specifications for the Hamraty street sewer were presented by City Engineer Codwise and were adopted by the board. Superintendent W. Scott Van Keuren expects to start the work of building the sewer the latter part of next week if present plans hold good.

Want Trees Removed. M. Liebig of No. 83 West Pierpont street, and Arthur R. Wilbur reported trees in front of their premises that should be removed. Other trees are in front of the property of J. W. Salzman, Earl F. Schoonmaker and M. J. Powers, and they were referred to Superintendent Van Keuren with power.

Want Viaduct Lights. The board also notified the Kingston Gas & Electric Company to install the lights on the Washington avenue viaduct, and also to place new light at Smith avenue and Elmendorf street.

Want Signs Up. Marshall Rosa of No. 122 North Front streets, and Candyland, at 324 Wall street, petitioned the board for permission to erect signs in front of their respective places of business. The requests were referred to the superintendent to grant under usual conditions.

Wage Question Held Up. The financial committee reported in regard to the petition of the street force and the employees of the city engineer's office for increase in pay, that no provisions had been made in the budget was adopted, and that there were no funds appropriated for that purpose. When the budget was made up the first of the year the appropriation for wages was figured at the prevailing scale and for that reason the board had no way of granting the increase with the appropriation made.

The board decided to hold the question up until the budget meeting when the matter would be given consideration. As the matter now stands the board has not enough money in the wage appropriation to pay an increase.

Common Council Resolutions. Resolutions regarding street repairs referred to the board by the common council were referred to Superintendent Van Keuren for the necessary action.

Plumbers Ask for Permits. The L. F. Bannon Company and the R. Louckman Company, plumbers, requested permission to dig up several streets to make needed improvements and repairs, and permission was granted subject to certain restrictions.

Certain streets had been dug up by local concerns and left in such shape that the board at the last meeting decided that before a street could be torn up permission must be obtained from the board.

The board also considered several routine matters before adjourning.

PAIGE

The Most Beautiful Car in America

Satisfaction is one of the biggest words in the English language. It is the ultimate goal of all human aspiration. Without it there can be no such thing as Happiness—with it, every moment of life is counted as worth while.

Buying a Paige car is nothing more or less than an investment in Satisfaction. It means the ability to come and go at will. It means freedom from mile posts and confining influences. It means intense pride in a thoroughly high grade mechanical product that is worthy of respect and confidence.

Gladys Brockwell, in "The Divorce Trap"

Do you believe in divorce? Do you know that every year the octopus of divorce is stretching its tentacles over the United States further and further? Do you know that one out of every three hundred persons is divorced? That one out of every nine marriages ends in the divorce courts? An appalling record indeed for a civilized country, and one of the biggest problems which we have to face today. That is what makes this particular story of such timely interest. It shows how an innocent woman was trapped in the divorce trap and how she managed to come away clean and with a new lease on life.

CLEARWATER SENT "PUNG" TO STATE

One day last week Judge Clearwater paid the freight on an old-fashioned "pung," being a box sleigh, to the state educational department at Albany. The sleigh, an oblong box on runners, was a gift from George Kraft of 69 Main street, the owner, who purchased it a hundred years ago, it being over 200 years old and in a fine state of preservation, having been in the Mower family for over a century. Mr. Kraft buying it from a descendant of Peter P. Mower, who had lived back of Saugerties. Judge Clearwater, who knew about the pung and that it was valuable from an educational standpoint, having not been improved upon since its construction, obtained the consent of Mr. Kraft to donate it to the state of New York, which the donor gladly did as he always has taken a great interest in things of historical interest to Ulster county and the state and he took it to the Albany boat.

Unique Course of Sermons.

Next Sunday night Dr. T. H. Baragwanath, pastor of the St. James Methodist, will begin a most unique course of sermons based on the general subject: "The Gospel in Literature." These sermons will be an attempt, not only to direct young people to the best literature, which is a precious heritage, but to find the message it contains and to interpret it in terms of the Gospel of the Son of God. Such a course of sermons on Sunday nights should prove very attractive, for they will contain the story, and the religious message. Next Sunday night the topic will be "Enoch Arden—or Love's Calvary." This is one of the sweetest stories Tennyson ever set to singing lines. The following Sunday the topic will be "The Ancient Mariner, or the Nearness of the Spirit World"—a weird story this with a great spiritual lesson.

Anniversary at Orpheum.

The Orpheum Theatre management will celebrate its seventh anniversary next week and during the week will offer to the patrons an unusually fine bill of vaudeville in connection with the usual pictures. There will be six acts of vaudeville each day. The lobby of the theatre has been decorated with flowers and greens by Burgevin, the florists, for the occasion.

OPERA HOUSE ORCHESTRA

DOINGS IN THE HIGH SCHOOL

Wednesday afternoon, the Prisma Society girls tendered a "Welcome Home" celebration to the incoming Freshmen girls. The entertainment was held in the gymnasium and was most interesting as it included everything from the little cooing light-haired baby, (Zelda Noher), to the wild man from Borneo, (Miriam Motrie).

The program opened with the grand march, in which all these freaks and features of the day took part.

After parading around the gymnasium a few times, each group of participants mounted the platform and went through its stunts.

Some of the most important numbers of the program were the overtures by the "Gajook Jazz Orchestra." The musicians were all masters of the gajook and fine, jazzy, gajook music was furnished. Prof. "Period" Sousa Brown was in charge of the orchestra and showed wonderful leadership ability. The other members were: Kathryn Carroll, piano; Clara Bergen, "Dot" Boers and Kathryn Barry.

Many of the Freshmen girls had their fortunes disclosed to them by the Gypsy ladies present.

Each Prisma member then chose a Freshman girl and a dance was started.

The fun and frolic continued until a late hour in the afternoon when the crowd dispersed for home and more substantial "food" than lolly-pops and peanuts, the refreshments of the afternoon.

It was a fine way to welcome the new high school girls and now all those who were there feel that they are really more a part of the school than before.

The entertainment was chaperoned by a number of faculty members and members of the Parent-Teachers' Association.

Those who took part were:

Ballet Dancers—Helen McNellis, Ruth Scott, Elizabeth Roeniger and Thelma Lounsbury.

The Siamese Twins—Kathryn Connors and Margaret Wood.

Indian Squares—Margaret Edinger, Marguerite Kelder, Evelyn Lasher and Florence Joyce.

Cleopatra—Esther Watson.

Cow Girls—Marjorie Mend, Helen Styles, Ruth Mifflin, Beatrice Polhemus and Elizabeth Mullern.

Wild Man from Borneo—Miriam Motrie.

Living skeleton—Carolyn Saxe.

Clowns—Edith Kolb, Ruth Newkirk and Sarah Hasbrouck.

Mary Pickford—Jacqueline Monroe.

Horse Racers—Lilla Schwarzwald and Myrtle Van Williams.

Turkish Harem—Laura Bailey.

Gertrude Shinnon, Alto Jerusalem and Etta Avnet.

Fat Lady—Florence Buckley.

Snake Charmer—(Firestone tires used) Elizabeth Dunlop.

Kewpie—Elizabeth Brown.

Charlie Chaplin—Blanche Jones.

Gypsies—Lila Phillips, Helen Haulenbeck and Elizabeth Burroughs.

Dabbies—(With a future back of them) Zelda Noher, Ruth Dunn, Margaret Hasbrouck, Mary Garrison, Regine Van Buren, Mary Falvey and Kathryn McDermott.

Police—Lewellyn Gill and Mary Rasche.

Spanish Dancer—Marion Heffern.

Chief Barker—Eva Miller.

Mistress of Ceremonies—Frances Harder.

It is understood that there is to be another excellent entertainment given by the Prisma, sometime in the near future.

How to Sing "Bubbles."

Thursday morning, Prof. Harry Dodge was present at the morning assembly. At Prof. Dodge's request he taught the students how to sing "Bubbles." Mr. Dodge is a great help in this way and has taught all the latest songs to the students, coming to the assembly whenever invited. He always receives a hearty welcome.

The Senior class has been organized with the following as officers: president, Floyd Le Fèvre; vice president, Dorothy Brown; secretary, Ruth Scott; treasurer, John B. Krom; editor in chief of the Maroon, E. Tyson Miller; business manager, Elmer Douglas.

The Junior class has had a meeting, but decided to wait until Tuesday when they will elect their class officers.

There are so many students studying manual training that the quarters have become rather small for the classes, and more room must be secured very soon. The juniors are in great need of a storage room. The boys of the third and fourth year classes have manifested their willingness to build a frame building in back of the school. They will in this way get practical experience, which they want most of all. The lumber for the building has been purchased and it is probable that the building will be built soon.

The football team is in Newburgh today playing the Newburgh High School eleven.

Next Saturday Poughkeepsie plays here and they are coming to avenge the defeat which K. H. S. handed to them two weeks ago.

Flower Realty Company.

A certificate has been filed in the county clerk's office in pursuance of law to the effect that Walter S. Freudenreich and Edwin L. EASILY MADE BOUDOIR CAP

Lover of Pretty, Dainty Things Can Fashion This for Herself at Comparatively Small Cost.

Isn't this the cutest idea for a boudoir cap you ever saw? And the easiest thing to make, too. Just a length of lace flouncing, something dainty. You can get some of the prettiest imitation flouncings for a very small sum that will answer very nicely. A yard ought to make the cap. Seam the two raw edges together neatly, and then run a gathering string around the scalloped edge, an inch in front and slanting to two inches toward the back.

Pull this gathering thread to head size, about twenty-five inches, and cover the gatherings with a band of pretty tinted ribbon, to which you may add a garland of tiny silk flowers to be bought by the yard. Now you

Plus a Ribbon Chinstrap and Fillet.

gather the straight edge of the lace into a saucy little pompon on the top, and surround the gatherings with more of the silk flowers. A chinstrap of the ribbon, which snaps into a graceful little bow to the left, is the finishing touch.

RICHNESS IS THE KEYNOTE

Afternoon and Evening Gowns for Fall and Winter Sumptuous in Fabric and Trimming.

Afternoon and evening gowns have never been more gorgeous in coloring than those now being offered for fall and winter. Chiffon, crepe, meteor, tulle, lace and velvet are extensively used in frocks of the class indicated, and often two, three, or even four fabrics are combined in one gown. Metal cloth is being used generously, and glittering sequins, jet and rich embroideries play their part, and a very important part it is, in the adornment of these dresses.

Brown shades are very popular for next season, and they enter largely into the development of afternoon and evening frocks. One especially charming frock recently brought out was of wood brown satin with tunic of self-colored lace. Gold net forms the long sleeves and is used for a wide sash, tied at the back in a flaring bow.

Blue chiffon—French or Victory blue being the popular shade of the moment—makes an effective afternoon or evening frock when combined with black satin or crepe meteor and trimmed with black jet embroidery and fringe.

While fringe continues to be used in considerable quantity, jet fringe is first favorite. When silk fringe is used it is generally skirt length, except when a narrow variety, an inch or less in width, is used to form odd motifs on skirts, tunics, etc.

BUILT ON STRAIGHT LINES

New Garments Really Are to Have Only a Little of the "Barrel" Effect Promised.

Designers flirt with the public fancy season after season by introducing styles that are out of the ordinary; that differ radically from the ones in use, and that have received general approval. The first offerings for the season immediately to come have not escaped. Practically every designer has brought out his or her own interpretation of the barrel overskirt, but many of them admit already that it is merely one of the novelties of the season and that it is not "taking" to any great extent.

The straight-line frock, according to the Kansas City Star, refuses to be ousted. The two styles that seem destined to hold sway for fall and winter are the simple straight-line dress and the more fitted redingote. Tunics, overskirts and pleated effects, especially when accordion pleating is used, are seen everywhere, but almost invariably a straight silhouette is adhered to.

Wood jersey cloth again will be a reigning favorite next season for utility frocks. Red and gray are said to be leading colors.

Favored Fabrics for Hats.

Hatter's plush, fur-trim and velvet continue to be the fabrics most in demand for fall hats, and the variety in effect in these models is made infinite by the many different styles of trimming.

Feathers of all kinds seem to be the type of trimming best adapted to diversify hats, the soft, snail-like fabric and the drooping ostrich plume on even coque, making a very smart combination.

"Peach Green" a Favorite. "Peach green" is a favorite color for fall frocks.

Wonderful. "A can did not see off one's place" remarked Mrs. Cawley, "but of course it is getting on all right." "The one we are waiting won't be," replied Mrs. Kennedy. "We intend to have it embroidered by electric lights."—Boston Transcript.

NEWEST HAT LINE

Really Deviates Little From the Present Style.

Designers Have Not Intended That the "Chapeau" Is to Be Worn Further Back on the Head—Brims Roll Backward.

If you have read or heard about the new off-the-face style of hats that have been launched in Paris you may be under the impression that as a result of this vogue we are going to wear our hats farther back on our heads. Somehow, the hat that is tilted backward still looks a little outlandish, and it may seem to you as if it would be very hard to give up the style of wearing your hats well over your forehead.

However, these new hats are not actually worn back off the forehead. The idea is that the brims roll backward so that there is less shading of the face, but the band of the hat takes the same position now that it has for many seasons, only that the hat is placed perfectly straight in order to give the right effect to the falling back of the brim. There is no longer any inclination of fashion to tilt the hat on one side. The new hats simply were not made for that sort of thing.

When all is said and done, it is really the hat that determines the way we do our hair, and as long as our hats rest on our ears the same as usual most of us will go on wearing our hair much the same as usual. A pompadour effect in front would be quite out of the question so long as the brims of hats rest across our foreheads. It is only when hats merely rest on our heads in front that we can attempt a much puffed or elaborate front arrangement.

Time may come, and that not far off, when this tendency to pull our hats down on our foreheads gives way to something else. It may be that the poke hat that had only a small vogue last season will return in a true poke form—that is, with a front brim that really flares and a very short back that actually shows the hair in back—a hat that really is more of a bonnet than a hat.

But if this type of hat is coming eventually, then the present off-the-face shapes are merely a digression because they are placed well on the head. The only thing is that the brim rolls back. And this roll-back brim is something that will sell many yards of veiling, for this type of hat is just the sort of thing that you need as a basis for the neat arrangement of a veil. American women have the reputation of arranging their veils better than any other women in the world, but the American woman will not attempt to arrange a veil unless she has something to arrange it on.

IN BLACK CHANTILLY LACE

This charming afternoon gown is of black Chantilly lace with a three-tier skirt of black georgette crepe. A new silhouette is offered in the long lines, and low waistline.

The New Paris Neckwear. Cape effects in broad multi-tier collars, with high decorative stocks, are a dominant note of the present neckwear fashion in Paris. Short-sleeved cummerbunds are also extensively worn and this fashion promises to be carried over for general use in the coming season.

Both white and colored neckwear is favored, white organdy and heavy white linen, with delicate rose pink crepe being extensively employed. Fabrics are also good and neckties are coming steadily to the front.

Taffeta Millinery. Large hats of taffeta, with round, floppy brims, are an early autumn millinery feature of interest. These hats are trimmed with flat embroidered lace in wood.

Hard to Digest. "The under current to that chicken pie you brought me was abominably tough," Walter. "There wasn't any under current to that pie sir? It was served on a paper plate and you're eating it?"

Brigid Will be the first year mother used to use.—Advertisement.

REDUCED RAILROAD TARIFF TO TROY.

ONE AND ONE-THIRD RATE IS GRANTED DELEGATES AND VISITORS.

TROY IN EXPECTANT ATTITUDE

5,000 Sunday School Workers Will Attend the State Convention Next Week.

The State Sunday School convention is New York State's greatest annual expression of Protestant Christianity. It will be held this year at Troy, Oct. 28, 29, 30. It represents New York State's Sunday School world of more than 6,200 schools, with an enrollment of more than 1,200,000.

Rev. Milton B. Littlefield, D. D., Young People's Socialist.

The phenomenal development in interest and efficiency which characterizes the Sunday School in this second decade of the twentieth century promises a record breaking attendance upon the Troy convention. Several thousand picked Sunday School workers from city, village and country will flock to Troy to face the stupendous program ever prepared for a New York State convention. This is making large provision for entertainment.

Cheaper Than Staying Home.

It will be cheaper to attend the convention than to remain at home. The United States railroad administration has granted a special rate of a fare and a third to all delegates and visitors who travel to Troy, from any point in the New York state, to attend the State convention. Beginning with Sunday, Oct. 27, all roads in New York state lead to Troy. The State Convention Program is one of

great strength and variety, the presentation of which will require Music Hall and seven churches in the heart of the city.

Sunday School Giants.

Sunday School giants will be there. It is enough to mention the galaxy of speakers and instructors: Mr. Pearce, rank L. Brown, Bishop Hughes, Mrs. Larkin, Prof. Warmingham, Mr. Lalmers, Misses Frayser and Danielson, Mrs. Littlefield, De Maris, Hartsborne, Boville, Rev. W. G. Boomhower, Dr. Anderson, Rev. Smith, Miss Stooker and Mr. Regis Post.

A "School-of-Methods," consisting of fifty periods, offers opportunity for all Sunday School workers to increase their efficiency in Sunday School work. Its sessions, scheduled for Wednesday afternoon and Thursday morning, Oct. 29 and 30, will attract hundreds who are eager to hear thorough and practical educational treatment of Sunday school subjects by famous specialists.

Thirteen mass-convention sessions, covering three days, will accommodate the several thousand Sunday school workers who are already planning to attend the convention.

Wednesday, the middle day of the convention, is designated "Americanization Day." It will be the "great day of the feast" for all who can devote but one day to the convention.

Those who have seen advance copies of the program believe it to be by far the strongest program ever arranged for a New York State convention. It is of high educational quality, yet is rich in religious and devotional periods. "Instructional," "Inspirational" and "Uplifting" are words which can be properly applied to the program feast.

The city of Troy and its environs expect to register a thousand paid enrollments. Saratoga, Mechanicville, Ballston Spa, Glen Falls, Schoharie, Albany, Watervliet, Cohoes and other Capital District Sunday School centers are planning to embrace the opportunity offered their Sunday School workers in the close proximity of the convention.

Enrollment Cards Ready.

Officers, teachers and friends of the Sunday School who wish to sit as delegates to the convention at Troy can freely secure programs and enrollment cards in advance by applying to the New York State Sunday School association, Albany, N. Y. The card, when deposited with \$1 at the convention, gives the bearer the full convention privileges and perquisites, viz.: Souvenir badge, reserved seat, souvenir program, subscription to "Leader," etc.

Astronomical Phenomenon.

Marjorie, three, was watching the sunset. "The day," she called, "come and see the sun getting ready to be a moon."

Rudeness Unpardonable.

A man has no more right to say an unkind thing than to act one; no more right to say a rude thing to another than to knock him down.—Johnson.

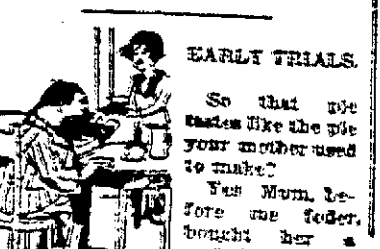

kill mountain lion with bow and arrow

Archery as a fine art still exists out in the Storm. Rev. Dr. Saxon Pope and Arthur Young, had just killed a big mountain lion with their trusty arrows when the camera man got on the job. Two days were sent into the beast's body before he capitulated. All of which proves that gunpowder has not robbed strong men of the keen eye and steady nerve of William Tell.

Study of Ancient Art.

The study of ancient art has come gradually to be regarded in the light of twofold usefulness—as a study leading to an understanding and appreciation of the purpose and meaning of beauty in art; as a necessity to any student wishing to get a firm grasp upon, and a really liberal knowledge of history. The documents of history that have not been tampered with and the records that have not been changed are the monuments of ancient art. . . . The study of ancient art when focused upon the laws governing the expression of beauty as it appears in the works of men, is a corner stone in the building of culture.—Alfred M. Brooks.

RETAIL BOARD MEETS TUESDAY

Several Important Questions to be Discussed—Committees Will Report on Their Work.

On Tuesday evening, October 21, in the Chamber of Commerce rooms, an important meeting of the Retail Trade Board will be held. This meeting will begin at 8 o'clock sharp and will adjourn not later than 9:30 unless extended by unanimous consent.

The following three important matters requiring consideration at once will be discussed:

1. Report of the committee on auto bus traffic and terminals. This committee, C. S. Wood, chairman, is ready to make a report with recommendations. This report must be considered Tuesday evening in order to have the new terminals in operation at the earliest possible moment.
2. Report of the committee on program advertising and solicitations for charitable purposes. This committee has prepared an effective plan for dealing with these matters which, because of lack of effective control, have heretofore caused great annoyance and loss to Kingston retailers.
3. C. F. Cochrane, manager of the Ulster County Farm Bureau, will explain the plans of the Farm Bureau for holding an exhibit of Ulster county products in Kingston December 5-6. It has been suggested that some form of retail trade event be held at that time.

Inasmuch as each one of the matters is of great importance, every member of the retail board is urged to be present.

REPORT ON LEGION MEETING.

Major Tuckerman Reports to Ulster County Executive Committee.

A meeting of the executive committee of the Ulster County Committee of the American Legion was held at the office of the surrogate, Friday afternoon. Those present were L. C. Tuckerman chairman, R. Earl Haley of Saugerties, Thomas F. Coughlin, Harold A. Styles and Walter H. Gill of Kingston.

The meeting was called for the purpose of hearing the report of Mr. Tuckerman of the work taken up at the state convention at Rochester on October 10 and 11. Besides Mr. Tuckerman, Ulster county was represented at the state convention by Leslie Shurtler and Robert Graham of Ellenville.

At the state convention matters in regard to the Legion in which all ex-soldiers are interested, were discussed and resolutions were passed placing the Legion on record in regard to several important matters. The matter of a bonus was one of the things taken up, the wearing of the service pin by unauthorized persons and other matters of great importance to the men who served during the war.

A full report of the work at the state convention was made by Mr. Tuckerman and matters relating to the work of the Legion in Ulster county were discussed.

LOCAL DEATHS RECORDED.

Recent Deaths and Funerals of Persons in This Vicinity.

Mrs. Jane A. Hoyt, wife of the late John F. Hoyt, formerly of West Shokan, died this morning at Poughkeepsie. The funeral will be held on Monday afternoon at 2:30 o'clock from the home of Mrs. Theodore Longyear at Poughkeepsie. Relatives and friends are invited.

The funeral of William (Smiling Bill) Parsons, millionaire motion picture producer, who died at his home 1847 Wellington Road, Los Angeles, Cal., Sunday evening, September 28, was held last Saturday afternoon at the mortuary chapel, Middletown, N. Y. The body was brought to Middletown on Friday by Mrs. J. W. Whitten of Pine Bush, a sister, who went to California immediately upon learning of her brother's death.

Thomas Shortell, aged seven and a half years, died suddenly this morning at the home of his parents in Sawkill. He was the son of Mr. and Mrs. Richard Shortell and was to receive his first Holy Communion Sunday, and to be confirmed at St. Mary's Church, this city, next week. A year ago both of his sisters succumbed to influenza. The whole community extends its heartfelt sympathy to the bereaved parents. The funeral will be held Monday morning at 10 o'clock from St. Ann's Church, the Rev. George Vaeht officiating. Interment in St. Ann's Cemetery.

Mrs. Josephine Holmes Newkirk, aged 67 years, wife of John J. Newkirk, of Greenfield, died at the home of her sister, Mrs. Mary Stevens at Beacon, N. Y., where she was spending a few weeks hoping to regain her health.

Mrs. Newkirk was born at Dairyland, a daughter of the late Harvey Holmes and Alice Jones, his wife, well known citizens and prosperous farmers of the town. She grew to young womanhood in her home town, was educated in the local schools and was united in marriage with Mr. Newkirk, son of Jacob Newkirk and Sally Johnson, his wife, also well known farmers of the same town.

Following their marriage they went to reside on a farm at Greenfield, where the years of her married life have been spent. To the union were born two children. One died in infancy and the other, Mrs. Helen Cole, wife of Waldo Cole, of Greenfield, survives. Mrs. Newkirk was a woman devoted to home and family, active along all lines of church work during the past two years a very active worker of the Red Cross. A good neighbor, a kind friend, she will be sorely missed by her husband from the home circle and by the church and the entire neighborhood. Mrs. Newkirk is also survived by one brother, William Holmes of Jersey, and three sisters, Mrs. Alice Barden of Ossining, Mrs. Anne Sears of Middletown and Mrs. Stevens of Beacon. The funeral will be held at the Greenfield M. E. Church Sunday at 12:30 o'clock. The service will be conducted by her pastor, Rev. R. H. Northrop. Interment in the local cemetery.

Theodore Forster, well known and highly respected citizen, died at his home on Center street, Ellenville, Thursday afternoon at 5:15 o'clock. Mr. Forster was born in New York city, April 8, 1836, a son of Isaac Forster and Marie DeForest, his wife, who were active in business and church life in the years when the city was in its early building stages. Mr. Forster was a man of keen mind and executive ability, entered business life in the city and was united in marriage with Miss Mary Eliza Secor, daughter of J. A. Secor, who was head of the well known Secor iron works. They resided in New York city in the vicinity of Bedford Street, M. E. Church and were actively engaged in all lines of church work and to this union was born two children, Isaac Forster, now a well known lawyer in Brooklyn, N. Y., and one daughter, Mary Frances, the wife of Vincent Hobbs, also residing in Brooklyn.

About thirty years ago Mr. Forster retired from business and purchased a farm above Woodbourne, N. Y., which he and his wife occupied for a few years. About 25 years ago they sold the farm and came to make their home in Ellenville, where they enjoyed the life in the village until Mrs. Forster's death about ten years ago. About seven years ago Mr. Forster purchased the late John G. Gray residence on Center street, and in July, 1912, was united in marriage with Miss Lillie Smith, daughter of the late James P. Smith of Woodbourne, N. Y., who survives. Mr. Forster engaged in church activities during his residence in the village and was a regular attendant when health permitted. He was active in mind along all the affairs of state and nation, and enjoyed his friends and was permitted to reach a good age, three score and ten with a few years added, but was strong in Christian faith and was ready to go when the summons came. The funeral will be held from his late home on Center street, Sunday afternoon at 2:30 o'clock. The services conducted by his pastor, Rev. Charles A. Dann of the M. E. Church of which deceased was a member and interment made in family plot in the Panickill cemetery.

Oldest Lawyer Celebrates.

SOCIETY NOTES.

Lowell Club Monday.

The Lowell Club will hold its first fall meeting on Monday afternoon of next week, instead of Tuesday afternoon when the District meeting of the State Federation of Women's Clubs will be held in Saugerties. All Lowell club members are asked to take note of this change.

Hogan-Cane.

Robert Hogan of Shokan and Miss Marion Cane of Poughkeepsie were quietly married at the Lutheran parsonage on Friday evening, October 3, 1918, by the Rev. Eugene Sherman. The attendants were Miss Ruth Herrick of West Hurley and Charles Hogan of Shokan, brother of the groom. They have the best wishes of a host of friends who wish them a long and happy married life.

Winchell-Knickbocker.

Announcements have been received in this city of the marriage of Clyde Winchell of Shokan and Miss Alva Knickbocker of New York. The wedding took place on October 1, in the Church of the Puritans, Dr. Robert Bruce Clarke officiating. The bride is the daughter of Dr. Edwin Knickbocker, former noted oarsman and rowing authority. She is the granddaughter of the late George Knickbocker, cotton manufacturer and horse fancier. The young couple will reside at Shokan where the groom is a well known farmer.

Bell-Birch.

A quiet wedding was solemnized Thursday night in the home of Mr. and Mrs. George Birch, on Orchard street, Walden, at 8:30, when Miss Elizabeth, their oldest daughter, was united to Kenneth Bell, a son of Mr. and Mrs. Sanford Bell of West Shokan. The ceremony was performed by Rev. W. H. Lofthouse, of the Methodist Church. The couple were attended by Miss Reta Birch, a sister of the bride, and Miss Vera Churchill of White Plains. The bride is a graduate of the Walden High School. The groom is connected with the state constabulary in White Plains. The bride and groom left for a two weeks' trip to the Catskill mountains in quest of game and fish. They will be at the home of the bride's parents on October 31. Many presents were received.

Rhodes-DeKay.

A pretty wedding was solemnized Thursday afternoon in the home of Mr. and Mrs. George H. DeKay on Maple street, Walden, when their only daughter, Cora, was united to Livingston Rhodes of Highland. At 2:30 to a wedding march played by Miss Marguerite Blumenthal, the bridal party entered the parlor; the bride leaning upon the arm of her father. Beneath an arch of ivy and bittersweet berries the ceremony was performed by Rev. Theodore F. Bayles of the Reformed Church. The bride was attended by Miss Emily Constable as bridesmaid and Miss Alma Rhodes, a sister of the groom, as maid of honor. The groom was attended by Herbert DeKay, a brother of the bride. The bride's gown was of white georgette crepe, the veil and orange blossoms having been worn by her mother 27 years ago. She carried a bouquet of white roses. The bridesmaid was gown in pink satin and carried pink roses. The maid of honor was gown in yellow satin and carried yellow roses. A dinner was served. There were about 40 guests present. The couple left for Washington, D. C. They will make their home in Poughkeepsie. The bride is proficient in music and is assistant organist in the Reformed Church and assistant pianist in the Sunday school. The groom is a son of Mr. and Mrs. Edward Rhodes of Highland. He saw service in the recent war and is connected with the clerical department of the New York Central Railroad. The bride and groom were the recipients of many beautiful presents.

STATE IS BAD BUSINESS BOSS

By EDWARD N. HURLEY

Chairman United States Shipping Board.

"THE thing that has impressed me most in my war work has been the efficiency of private ownership and operation as compared with public ownership and operation. I believe that this lesson, as it is brought home more emphatically to the American people, is to prove one of the greatest benefits we derived from the war. As new facts about the conduct of the war come out, as our experience in many fields of production is appraised, they will point, I predict, more unerringly to this same conclusion—the superior efficiency of private ownership. All production centers on the cost—you can't get away from that. Shift the responsibility for the cost, for the best possible result under a given set of circumstances, and you shift the responsibility for efficiency. That is what we did on the Shipping Board, under the pressure of the war's necessity, when the question of cost was forced into second place. We shifted the responsibility of the cost from private shipbuilding concerns to the government.

"The responsibility of cost was, as I have said, shifted to the government. That keen interest in results which follows private initiative was gone. There you have the whole problem as between government ownership and private ownership stated. No way has been found to instill in government ownership the incentive that possesses private ownership, to improve conditions of production. Under government control I found the spur of highest endeavor was taken off the private concerns, and that the slowing up spread inevitably to the employees."

NIAGARA FALLS PROTESTS

Brands State Hydro-Electric Plan as Extravagant Socialism.

Niagara Falls.—In response to inquiries from the Home Rule Tax Association, Mayor George W. Whitehead of this city has forwarded to this organization a copy of resolutions recently adopted by unanimous vote of the mayor and councilmen, which read as follows:

"Resolved, That the City Council of the City of Niagara Falls hereby expresses its opposition to any hydro-electric commission bill pending before the legislature of the state of New York which proposes to commit the state to the policy of hydro-electric development and distribution.

"In the last few years the state of New York, which was formerly free from debt, has incurred an indebtedness of approximately \$200,000,000, and to embark in the work of hydro-electric development will involve the state in an additional indebtedness probably in excess of \$300,000,000. While the development of the water powers of the state is highly desirable, their development by the state is an experiment in state socialism, which, so far as we can judge the future by the past, will result in extravagance, the use of the commission as a political organization and inefficiency.

"We respectfully urge the Hon. George F. Thompson, Senator from this district, and the Hon. N. V. V. Franchot and the Hon. William E. Bayley, assemblymen from this county, to oppose the Graves and McGinnies bills as 'adverse to the interests of the state and the interests of Niagara county.'"

PROBING STATE POWER PLAN.

Tax Body Starts Inquiry into Injustices to Taxpayer.

Albany.—Following the receipt of inquiries and appeals from taxpayers in every section of this state concerning the proposed state water power plan, a searching investigation into every phase of this matter has been authorized by the Home Rule Tax Association in the following resolution:

"Whereas, Taxpayers throughout this state have appealed to this association for information as to the source of taxation that must support the proposed production of electricity, by state water-power plants, and

"Whereas, It is alleged that a gross inequality and injustice may lie in the taxation of all of the population of the commonwealth for the problematic and sole benefit of the less than million consumers who can use electricity, and

"Whereas, The rural sections can use practically no electricity generated by such state water power for which it is proposed to tax the people of the whole state, while almost all urban laboring classes use gas exclusively; be it

"Resolved, That the Home Rule Tax Association hereby authorizes and instructs its Secretary to thoroughly inquire into the state water-power project as proposed in the state as well as the hydro-electric commission of the province of Ontario, Canada, and to compile all available data on this subject for the information of the members of this Association and of other taxpayers of this state."

THE TAXPAYERS' OUTLOOK.

By JAMES MAVOR, PH. D.,

Professor of Political Economy, University of Toronto.

The plain English of the matter is that the Toronto Hydro-Electric during the five years of its existence has been going behind at the rate of about \$120,000 a year, and that it has been able to do this by absorbing its so called reserve funds and defaulting in the payments of interest due to the city of Toronto. This interest has, of course, had to be paid by the city, and therefore the taxpayers have had to bear the burden. In other words, the users of Hydro power and light have paid during the five years of the existence of the Hydro only about 90 per cent of the cost of the power to the Hydro, while the taxpayer has been paying about 10 per cent of the cost. This state of matters cannot last. The Hydro cannot increase its rates without losing business, because of the competition of the Toronto Electric

Light Company. It cannot go on as it is doing without drawing more and more heavily upon the taxpayer. How long will the taxpayer stand it?

Although the report of the Toronto Commission does not state the gravity of the situation fully, it is evident from its terms that the reduction in price to which it has been forced by the Toronto Electric Light Company on the one hand and the Hydro-Electric Commission on the other, has resulted in its giving its customers electricity not at cost, but below cost, and that, as usual, the patient taxpayer pays the difference. When to this circumstance is added the fact that the commission has no steam reserve plant and that it cannot therefore give continuous service, it is clear that the provision of such a plant would plunge it more deeply in the mire of accumulated deficits.

ASKS FAIR DEAL FOR TAXPAYERS

Home Rule Tax Association Warns State Against Schemes to Spend Tax Funds.

ALL MUST PAY POWER COSTS.

Farmer, Laborer and Other Nonusers of Electricity Will Bear Burden of State Hydro Plants for Wealthy Few.

Albany.—Pledging their efforts to curb increasing state tax burdens by rigid economy and restriction of all additional expenditures, two thousand members of the Home Rule Tax Association, represented at the annual meeting of this organization in this city, have declared their opposition to the proposed spending by the Empire State of many millions of dollars to acquire, construct, maintain and operate water-power plants for the sole benefit of users of electricity. Not only would such an added outlay bear down heavily upon all the already overburdened taxpayers of the state, but it would compel over ninety per cent of them to be taxed for the exclusive and problematic good of the comparatively few users of electricity, it is asserted. Strong support for this taxpayers' protest is expected from the farmers of the whole state, who object to helping pay for electric current that must be mainly used by city folks, as well as from labor, civic and consumers' organizations, most of whom use gas and are unwilling to bear the burden of generating electricity largely for wealthier residents of the fashionable city sections.

Only eight per cent of all the people of New York State are consumers of the electric current, for the production of which it is proposed to make the whole state pay, officers of the Home Rule Tax Association have been informed by the Public Service Commission authorities. Fully a fifth of the state population uses only gas for illumination, while seven-tenths of all the taxpayers do not and can not practically use such electric current as it is proposed to commit the state to generating on a vast and expensive scale. If the state funds, raised from all the taxpayers, are to be squandered on such a socialistic scheme it would be much fairer for the vast majority of all consumers to demand that the government duplicate the Standard Oil Company or for the one man in five who uses gas to call upon the state to throw its money into great gas plants, it is pointed out.

That waste and graft-grabbing of millions of dollars by political contractors, who have pushed plans for expending vast state sums on hydro-electric construction, are possibilities presented by any attempt to put the Empire State in the electric business, is shown by a searching investigation of this matter that has been made by officers of the Home Rule Tax Association. With fat contracts for huge water-power development in the gift of the Tammany powers, who have plundered the state before, it is pointed out that the interest of the taxpayers of the whole state must seriously suffer. With the Tammany delegation in the legislature ready to solidly support such a water-power scheme, representatives of the taxpayers are asking every up-state legislator who represents nonusers of electricity to stand firm against such legislative extravagance.

From agricultural and automobile interests all over the state appeals for more complete construction and maintenance of public roads, before committing the state to any such added enterprise as hydro-electric construction, have been made in support of this new taxpayers' movement. It is urged that, before handing millions of dollars of the taxpayers' money over to Tammany contractors to try to give more electricity solely to some city folks, the legislators should see to it that the highways, upon which every man, woman and child in the whole state must depend, be built up and kept in better condition for the benefit of everybody.

CHANDLER'S PLAN TO STOP THEFT OF AUTOMOBILES

"Deeds" for automobiles, in many ways similar to deeds which are passed when real estate is transferred is expected to be the means the state will use to check wholesale thefts of automobiles. The scheme has been devised by Major George F. Chandler, superintendent of state police, and is now being drafted for introduction as a bill in the next legislature provides a form of "deed" which will be given to the purchaser of an automobile. The transfer of the car from the agent to the buyer must be approved by a police officer, which will make the transfer of the car legal. Thereafter any person offering the car for sale who cannot produce his title to the car approved by a police officer will be considered to have acquired the car by some other than lawful means.

In New York city titles will be approved by precinct captains and in rural districts by sheriffs or justices of the peace.

PICKED 49 BARRELS.

And William Bernard Earned \$12.25 That Day.

Some of the men engaged in picking apples in this locality are exceptionally good at the work. One day last week, unaided, William Bernard picked 49 barrels of Baldwin apples in the orchard of Joseph Deyo, at 25 cents a barrel. There are others here who can pick apples almost as fast as Mr. Bernard can, but up to the present, so far as we have learned, his record is beyond that of any other picker. All the apples were within easy reach, of course, but in order to pick that number of barrels of apples in one day, one has no chance to loaf so that it can be noticed.—Gardner Weekly.

Masons Quit Work.

Work of the masons on the new building which is being erected for Sweet, Orr & Co., in Newburgh, by the T. C. Desmond Construction Co., has been suspended because of a demand of the men for increased pay. The masons ask \$1 an hour which is 10 cents an hour in excess of the present wage. It is stated that on the Highland Bank building, and elsewhere in that city, \$1 an hour is being paid.

William Farnum will appear at the Opera House Monday, Tuesday and Wednesday. In the role of a mining engineer whose life is imperilled by plotters, Mr. Farnum, it is said, gives some wonderfully dramatic demonstrations of his histrionic power and physical strength. The locale of the play is in the American Northwest, in Chile and in the financial district of New York city. There will be three shows daily at 2:30, 7 and 9.

"One Think at a Time" with Bert Lytell in the principal role will be the feature picture at the Orpheum Theatre tonight, and as an added feature Peter Morrison in a Western drama, "Neck and Noose." There are also three vaudeville acts. Next week will be anniversary week at the Orpheum, when the management will celebrate its seventh year of success with this popular amusement house.

There will be six high class vaudeville acts the first three days and six different acts the last three days. The Juvenile Follies, being 14 girls on the bill Monday, Tuesday and Wednesday. There likewise will be new picture films of latest offerings each day, and the theatre will be decorated in honor of anniversary week.

HEADLINE HISTORY OF THE WORLD WAR by Cushing Stetson

Copyright 1919, New Era Features.

WHAT HAPPENED OCTOBER 18.

1914
Allies left no stone unturned; British make notable advance taking Armenians, bitter fight at Neuport on sea-coast; Germans prepare for terrible counter stroke.

1915
Serbs check Bulgarian advance at Tuzla and save Salonika railroad. Allied troops land at Kos. German advance continues but Bulgars checked at all points. Italy declares war against Bulgaria. British recall Gallipoli commander, General Hamilton, Berlin maintains operations there will be abandoned. Germans under Hindenburg increase gains on Russian front between Riga and Dvinsk.

1916
Russians make frontal attack on Hatz, take Kozak, attack takes them within three miles of city. Threatening communication with Lemberg. Germans reinforced by Russian forces turn upon Germans checking their advance. French and Serbs take Bulgarian trenches in

Struma region advancing toward Monastir, Turks arriving to aid Bulgars. French take village of Sully Saillies in Somme region and ridges to the north and east; also advance west of Peronne.

1917
U. S. transport Antilles sunk; 67 lives lost. German raiders sink nine English merchant ships and two destroyers in North Sea. Germans in Gulf of Riga seize Moon Island, 1140 20 Russian vessels in Moon Island Sound without hope of escape. Russian battleship Slava sunk. Austro-Germans send 10 divisions to Italian front to oppose General Cadorna, Bainsizza Plateau a point of peril for central powers.

1918
All Belgian coast is won and Allies still push on, Marshall Haig occupies Roubaix and Turreting. French advance on three fronts with great success, take 15 towns in Oise, Serre and Aisne districts. Americans in surprise attack take Banterville without artillery preparation. Germans withdraw from Loges and Banterville forests and trench them with gas.

PUTTING CITY ON BOXING MAP

That is what Kingston Athletic Club is trying to do—last bouts for Thursday's Smoker—Tickets May Now Be Obtained.

If the plans of the Kingston Athletic Club are supported Kingston will be placed on the boxing map, and many fast boys will be brought here and matched. The boxing game is flourishing throughout the country and there is no reason why Kingston can not support a first class boxing club. Boxing has taken its place with other popular sports, and if the local club meets with the proper financial support it will mean boxing bouts well worth watching.

The second smoker of the Kingston Athletic Club will be held next Thursday evening in Griffiths's hall on lower Hasbrouck avenue and boxing fans may now obtain tickets at a number of the stores about town and also from members of the club. The bouts to be staged warrant a packed house.

There will be two star bouts of eight rounds each. Al Delmont of Newark will meet Joe Dundee of Poughkeepsie in the main bout for eight rounds. Both boys have big reputations and a fast scrap may be expected. The second star bout is between Willie Trice of Newburgh and Young Jim Jeffries of Newark. These boys met at the first smoker, and wanted to be rematched. They will go eight rounds, and this will be one of the best bouts ever pulled off in this vicinity.

The semi-final will be between Battling Kelly of New York and Young Jack Dempsey of Newark, and there will also be four rounds by local boxers.

On all tickets this year, but what's that, when you can enjoy McEnelly's Dance Orchestra at the armory, Wednesday evening October 22, 1919. Tickets, 50c; war tax, 5c; total, 55c. Concert, 5-9; dancing, 9-1. Advertisement.

BETHLEHEM MAKES PERFECT SCORE

William R. Kraft, the local agent for the Bethlehem motor truck in this city, has received the following telegram, giving the result of the National Motor Truck Tour of 3,240 miles, in which a Bethlehem truck of 1 1/2 ton capacity came through with a perfect score.

Allentown, Pa., Oct. 8, 1919.
To William R. Kraft,
Broadway, Kingston, N. Y.
"National Motor Truck Development tour of 3,240 miles in sixty days finished at Milwaukee, October 4th. This tour comprised educational trip to prove efficiency of motor trucks in meeting all road and weather conditions. Making demonstrations in states of Illinois, Iowa, North Dakota, South Dakota, Minnesota and Wisconsin. The nineteen principal makes of trucks were entered in this tour. The Bethlehem one and a half ton truck covered 3,240 miles through eighty cities, carrying from one to two tons continuously, finished with perfect score. No breakage, no replacements of any kind. Water put in radiator only twice during entire trip. Not a spark plug touched. Valves not ground, carbon not cleaned, electric starting and lighting proves greater than any test. All through sand, clay, mud, steep hills and prairie roads, going so bad in one place ten hours required to cover 9 miles. Always capable of pulling its load, and while other trucks were sometimes towed, no tow rope was hooked on Bethlehem. Gasoline consumption was ten and one-tenth miles per gallon. Original air still in four pneumatic tires. This test proves by actual performance Bethlehem second to none in American truck field.
BETHLEHEM MOTORS CORPORATION."

GARDINER WILL RETURN UPRIGHT

Present Supervisor Has Made an Excellent Record and People Intend to Continue Him in Office.

SUPERVISOR CHARLES C. UPRIGHT.

Realizing that the office of supervisor demands a man of integrity and ability, the Republicans of the town of Gardiner chose Charles C. Upright as their candidate. In selecting this man to head the town ticket they took into consideration the fact that Mr. Upright is now completing a successful two years as supervisor of the town.

Gardiner is distinctly an agricultural section. It needs a representative that thoroughly understands the farmer's problems and needs. It needs a man who can and will give his undivided interest to the tax-payers of that community. Gardiner has no room for petty politicians who seek self aggrandizement.

Mr. Upright possesses all the fine qualities which Gardiner demands. He was born in the town of Gardiner and has lived there all his life. He has always been engaged in farming and dairying, conducting his affairs on sound principles. He has in the past two years as supervisor of the town of Gardiner conducted the town's business as he does his own.

Mr. Upright has repeatedly held offices in the town's government, and has many times shown his value to the public. He has given his support to every affair of civic, social or charitable importance, and during the war took a prominent part in all campaigns and in the welfare of the boys of the town who heard their country's call.

ELLENVILLE.

Ellenville, Oct. 17.—Miss Ida Ahrens of New York is spending the week with her brother and wife, Mr. and Mrs. Henry Ahrens.

Harry Burger and Edward Townsend and wife of Bridgeport, motored to Ellenville and returning were accompanied by Mrs. Townsend's father, A. Rancu, of North Main street.

Allen D. Potter, local insurance man and present town clerk, has been in New York this week.

Mr. and Mrs. Max Lambert of Park street are spending some days at Atlantic Highlands.

Jerry V. Flys, a former linotype operator at the Press office, has been spending a few days in town. He now has his home in New York city.

Miss Anna Hoonbeek, bookkeeper at the First National Bank, is enjoying a month's vacation. During her absence Miss Jennie Ryan Hoonbeek is in charge of her work.

John R. McJoulten and family of Brookline motored to Ellenville and spent the week end with his sister, Mrs. W. D. Cunningham.

Robert A. Dahn and Miss Mabel Dahn spent several days in New York. Mrs. Charles Hays has closed her home on Maple avenue and joined her husband in Philadelphia for the winter.

William Cushman, superintendent of the big Pennac ranch at Colorado Springs, arrived at Najanoch to visit his father, Simon Cushman. He came on to Chicago with several high grade cattle for exhibition purposes and while there met Edward G. Minkes, formerly of this town now of Ithaca. These two men are well known in stock circles throughout a large field. The Pennac ranch represents an investment of \$200,000.

The 100th anniversary of the Philadelphia Church was celebrated on Wednesday, October 16, afternoon and evening. It was under the direction of the present pastor, Rev. Hull.

A large crowd was in attendance which included Rev. George E. Barber of National, N. Y., a former pastor, who delivered a very able address during the afternoon. The ladies of the church served a fine supper in the lecture room of the church building.

The afternoon of the church building, the church of Ellenville, and the William A. Hadden of Najanoch. The church superintendent, Herbert E. Wright of Newburgh, was present and delivered a splendid sermon during the evening and announced that W. C. Cushman the church history letters were read from several former pastors who were unable to be present.

A large number attended from Ellenville including Mrs. C. T. Hadden who was one of the honored guests of the occasion. Mr. and Mrs. W. R. Schick, Miss Kate Rose, Mr. and Mrs. Edgar S. Tawell, former members of the church, Rev. and Mrs. C. A. Quinn and Mrs. Albert E. Lord and Mrs. E. T. Carroll, Rev. and Mrs. Hadden and daughter, Mr. and Mrs. J. S. Wolfe and Miss May Dodd. A Pleasure Beyond Price—the Phonograph

THAT'S what Cleopatra would have said if she could have had a phonograph 2000 years ago to furnish entertainment in her castle on the river Nile. She would gladly have filled the phonograph salesman's pockets with gold. Yet today you can easily have the wonderful pleasure that she, with all her riches, could not possess.

A phonograph in your home means unlimited entertainment for all the family.

Come in and hear the famous VICTOR, finest of all phonographs, unequalled in sweetness of tone—handsome in appearance.
